Fine Textured

Features & Benefits

Glazing Options:

8mm Toughened Glass is toughened during manufacturing and achieves Class 1 BS EN 12600 for impact performance.

Solar Panel glass has many benefits and is especially useful for outdoor living in a warmer and sunnier climate. It offers your customers additional protection from the elements as it can withstand high temperatures and direct sunlight. Not only will tinted glass cool the space underneath but it will also provide a range of health benefits to its users, including protection against ultraviolet rays.

Glazing Options	Clear	Grey Tint
Light Transmission	88% LF	44% LF
Heat Transmission	82% SF	58% SF

Integral Aluminium Guttering and Easy-Fix Profiles:

Creates a sleek, modern design which is stronger than external guttering systems and saves time on installation.

Low Maintenance:

No need for repainting throughout the life of the veranda, a simple clean and removal of debris from the integral gutter is all that's required.

Full 10 Year Guarantee:

The Simplicity 6 is supplied with a full 10 year guarantee and a 60 year life expectancy for the canopy frame.
